EXPLORE YOUR POSSIBILITIES

Ergonomically shaped back part for seamless fit to the shape of your lower back

Easily adjustable straps to provide comfort and to follow the body

Vicair SmartCells for skin-protection

100% BREATHABLE

MACHINE WASHABLE

READY FOR USE

▲ **Stays with you during activities**

▲ **Skin protection outside the wheelchair**

▲ **Extremely light to support optimal mobility**

The Vicair AllRounder O2 is a cushion that is strapped on to your body. It provides a moderate level of skin protection for individuals who are at risk of developing pressure injuries.

This occasional use activity cushion is used to provide comfort and prevent pressure injuries in situations outside the wheelchair. The Vicair Allrounder O2 consists of 5 individual compartments, designed to contour under loading. Each compartment is designed to influence a specific area of the pelvis. The standard filling of the AllRounder O2 is ready to use out of the box and fits most users who: play/sit on the ground, practice sports outside of their wheelchair, like gardening, go up and down stairs and use it during redecorating/refurbishing etc.

|	
Thickness	N/A
Average weight	800 grams
Max. user weight	100 kg
Machine washable	60°C max.

CUSHION SIZE

Small	< 38 cm
Medium	38 – 42,5 cm
Large	43 – 48 cm

Determining the correct hip width
Measure the width of your hips to check which size matches the size of your body. When seated, hold a tape measure horizontally above the widest point of your upper legs, closely against the front of your hips. Do not follow your leg contours, keep the tape measure straight. Measure from A to B (or B to A). Choose the larger size if the measured size is in between two sizes.
